

21st April, 2005

To CDM Executive Board and the secretariat

**Modalities of Communication  
with CDM Executive Board and the secretariat**

We agree that Shimizu Corporation alone shall communicate with CDM Executive Board and the secretariat with respect to any matter concerning the CDM project named "Nubarashen Landfill Gas Capture and Power Generation Project in Yerevan" in particular with regard to instructions regarding allocations of CERs at issuance and that Shimizu Corporation shall make such communication on behalf of all project participants.

**Statement on CERs allocations at issuance**

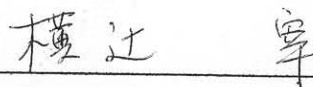

We request that 100% of the CERs issued from the CDM project named "Nubarashen Landfill Gas Capture and Power Generation Project in Yerevan" (after forwarding the quantity of CERs corresponding to the share of proceeds to cover administrative expenses and to assist in meeting cost of adaptation, respectively, in accordance with paragraph 8 of Article 12 of Kyoto Protocol, to the appropriate accounts in the CDM registry for the management of the share of proceeds), be forwarded to Shimizu Corporation's account in the Japanese registry.
